CAUSES EYE IRRITATION.
MAY CAUSE SKIN IRRITATION.
Avoid contact with skin and clothing. Wash thoroughly after handling.

Potential acute health effects

- **Eyes**: Irritating to eyes.
- **Skin**: Moderately irritating to the skin.
- **Inhalation**: Slightly irritating to the respiratory system.
- **Ingestion**: Irritating to mouth, throat and stomach.

See toxicological information (section 11)

Section 4. First aid measures

- **Eye contact**: In case of contact, immediately flush eyes with cool running water. Remove contact lenses and continue flushing with plenty of water for at least 15 minutes. Get medical attention if irritation persists.
- **Skin contact**: Wash with soap and water. Get medical attention if irritation occurs. Wash clothing before reuse.
- **Inhalation**: If inhaled, remove to fresh air.
- **Ingestion**: Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately.
Section 5. Fire fighting measures

Flash point : > 100°C
Product does not support combustion.

Fire fighting media and instructions
Use an extinguishing agent suitable for surrounding fires.

Dike area of fire to prevent product run-off.

No specific hazard.

Special protective equipment for fire-fighters
Fire fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full facepiece operated in positive pressure mode.

Section 6. Accidental release measures

Personal precautions
Ventilate area of leak or spill. Do not touch damaged containers or spilled material unless wearing appropriate protective equipment (Section 8). Stop leak if without risk. Prevent entry into sewers, water courses, basements or confined areas.

Environmental precautions
Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Methods for cleaning up
If emergency personnel are unavailable, contain spilled material. For small spills add absorbent (soil may be used in the absence of other suitable materials) scoop up material and place in a sealed, liquid-proof container for disposal. For large spills dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. Place spilled material in an appropriate container for disposal.

Section 7. Handling and storage

Handling
Avoid contact with eyes, skin and clothing. Wash thoroughly after handling.

Storage
Keep out of the reach of children. Keep container tightly closed. Keep container in a cool, well-ventilated area.
Do not store above 40°C

Section 8. Exposure Controls, Personal Protection

Engineering controls
Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapors below their respective occupational exposure limits.

Personal protection
Eyes
Use safety eyewear designed to protect against splash of liquids.

Hands
For prolonged or repeated handling, use Impervious gloves.

Skin
No protective equipment is needed under normal use conditions.

Respiratory
No protective equipment is needed under normal use conditions.

Consult local authorities for acceptable exposure limits.

Section 9. Physical and chemical properties

Physical state : Liquid. (Liquid.)
Color : Colorless.
Odor : Faint Odor
pH : 8 (100%)
Boiling/condensation point : >100 °C
Specific gravity : 1.015 (Water = 1)
Dispersion properties
Dispersed in hot water.
Partially dispersed in cold water.
Solubility: Soluble in hot water. Partially soluble in cold water.

Section 10. Stability and reactivity

Stability: The product is stable.
Reactivity: Slightly reactive to reactive with acids.

Section 11. Toxicological information

Potential acute health effects
- Eyes: Irritating to eyes.
- Skin: Moderately irritating to the skin.
- Inhalation: Slightly irritating to the respiratory system.
- Ingestion: Irritating to mouth, throat and stomach.

Section 12. Ecological information

Products of degradation: These products are carbon oxides (CO, CO₂) and water.

Section 13. Disposal considerations

Waste disposal: The generation of waste should be avoided or minimized wherever possible. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

Consult your local or regional authorities.

Section 14. Transport information

APPLIES ONLY DURING ROAD TRANSPORT
Any variation of the shipping description based on the packaging is not addressed.

Section 15. Regulatory information

- HCS Classification: Irritating material
- U.S. Federal regulations: SARA 302/304/311/312 extremely hazardous substances: None. SARA 302/304 emergency planning and notification: None.
- TSCA 8(b) inventory: All materials are listed or exempt.
- California prop. 65: No products were found.
