Personal protective equipment

Version Number: 3
Preparation date: 2005-05-20

1. PRODUCT AND COMPANY IDENTIFICATION

Product name: Klera-Cid

MSDS #: F-00574001
Product code: 3367297
Recommended use: Laundry care.

Manufacturer, importer, supplier:
US Headquarters
JohnsonDiversey, Inc.
8310 18th St.
Sturtevant, Wisconsin 53177-0902
Phone: 1-888-352-2249
MSDS Internet Address: www.johnsondiversey.com

Canadian Headquarters
JohnsonDiversey - Canada, Inc.
2401 Bristol Circle
Oakville, Ontario L6H 1P1
Phone: 1-800-668-3131

Emergency telephone number: 1-800-851-7145 (ProStar); 1-651-917-6133 (Intl ProStar); 01-800-710-3400 (México)

2. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW
DANGER. POISON. MAY BE FATAL IF ABSORBED THROUGH SKIN. HARMFUL IF SWALLOWED OR INHALED. FIRST AID: Responders should put on appropriate personal protective equipment (goggles & gloves) to protect themselves before assisting victims. Burns may not be immediately obvious or painful. Will cause hypocalcemia resulting in possibly fatal, delayed ventricular fibrillation.

Principle routes of exposure:
Eyes. Skin. Inhalation. Ingestion. Skin Absorption.

Skin contact:
Corrosive. May cause permanent damage. Also very toxic in contact with skin.

Eye contact:
Corrosive. Causes permanent eye damage, including blindness.

Inhalation:
May cause irritation and corrosive effects to nose, throat and respiratory tract.

Ingestion:
Causes burns to mouth, throat and stomach.

4. FIRST AID MEASURES

Eye contact:
Immediately flush eyes for 15 minutes with flowing water. Take the victim to a physician as soon as possible. If possible, apply ice water compresses during transport.

Skin contact:
Responders should put on appropriate personal protective equipment to protect themselves before assisting victims. Immediately remove all contaminated clothing. Immediately flush the affected area for five minutes with large amounts of water. While the victim is being rinsed with water, have someone call to arrange medical treatment. If the exposure is to the eyes, groin, or covers a large area, call 911. For smaller exposure, (i.e. A few drops on the skin), call a physician or poison control center. Immediately after flushing with water start massaging 2.5% calcium gluconate gel into the burn site. Responders must wear gloves when applying the gel to prevent secondary HF burns to their hands. Apply the gel every 15 minutes and massage until pain/redness ceases or professional medical care is available.

Inhalation:
Immediately move the victim to fresh air. Call 911. Inhalation of HF fumes may cause swelling in the respiratory tract up to 24 hours after exposure. Persons who have inhaled HF fumes may need prophylactic oxygen treatment and should be seen by a physician as soon as possible.

Ingestion:
DO NOT induce vomiting. If able to swallow, offer sips of water or milk. GET MEDICAL ATTENTION IMMEDIATELY. Never give anything by mouth to an unconscious person.

Aggravated Medical Conditions:
Persons with pre-existing skin disorders may be more susceptible to irritating effects.

Klera-Cid
5. FIRE-FIGHTING MEASURES

Suitable extinguishing media: Dry chemical, water spray, foam, carbon dioxide.
Specific hazards: Thermal decomposition can lead to release of irritating gases and vapors.
Unusual hazards: Corrosive material (See sections 8 and 10).
Specific methods: No special methods required.
Autoignition temperature: No information available.

Special protective equipment for firefighters: As in any fire, wear self-contained breathing apparatus pressure-demand; MSHA/NIOSH (approved or equivalent) and full protective gear.
Extinguishing media which must not be used for safety reasons: None.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Put on appropriate personal protective equipment (see Section 8.).
Environmental precautions: Sweep up and shovel into suitable containers for disposal.
and clean-up methods:

7. HANDLING AND STORAGE

Handling:
Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Do not taste or swallow. Do not breathe dust. Use only with adequate ventilation. Remove and wash contaminated clothing and footwear before re-use. Product residue may remain in empty containers. All precautions for handling the product must be used in handling the empty container and residue. FOR COMMERCIAL AND INDUSTRIAL USE ONLY.

Storage:
Keep tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering measures to reduce exposure:
Good general ventilation should be sufficient to control airborne levels.

Personal Protective Equipment
Eye protection:
Goggles.
Goggles.
Hand protection:
Chemical resistant gloves. Includes nitrile gloves.
Chemical resistant gloves.
Skin and body protection:
Chemical resistant apron. If major exposure is possible, wear suitable protective clothing and footwear.
Chemical resistant apron.
Respiratory protection:
In case of insufficient ventilation wear suitable respiratory equipment.
Respiratory protection.
Hygiene measures:
Avoid contact with skin, eyes and clothing. Keep away from food, drink and animal feeding stuffs. Handle in accordance with good industrial hygiene and safety practice.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Solid.
Color: White
Odor: Odorless
Specific gravity: 1.232 g/cc
Density: No information available
Viscosity: No information available
Partition coefficient (n-octanol/water): No information available

Appearance: Powder
Boiling point/range: Not determined
Melting point/range: Not determined
pH: No information available
Density: No information available
Decomposition temperature: Not determined
Autoignition temperature: No information available
Solubility: Soluble
VOC: 0%
Flash point: Not applicable

10. STABILITY AND REACTIVITY

Stability: Stable at normal conditions.
Polymerization: Hazardous polymerisation does not occur.
Hazardous decomposition products: Hydrogen fluoride.
Materials to avoid: Acids.
Conditions to avoid: No special storage conditions required.

11. TOXICOLOGICAL INFORMATION

Acute toxicity
Oral, LD50 estimated to be between 25 - 200 mg/kg.

Klera-Cid
Component Information: See Section 3
Chronic toxicity: No information available.

Specific effects:
- Carcinogenic effects: No information available.
- Mutagenic effects: None known
- Reproductive toxicity: None known
- Target organ effects: None known

12. ECOLOGICAL INFORMATION

Environmental information: No data available.

13. DISPOSAL CONSIDERATIONS

Waste from residues / unused products:
Uncrushed product is regulated under environmental and transportation laws as a corrosive waste. Dispose of according to all federal, state and local applicable regulations.

14. TRANSPORT INFORMATION

DOT/IDG: Please refer to the Bill of Lading/receiving documents for up-to-date shipping information.

15. REGULATORY INFORMATION

International inventories:
All components of this product are listed on the following inventories: U.S.A. (TSCA), Canada (DSL/INDS), Europe (EINECS/EHCN/INL), Australia (AICS), Korea (ECL), Philippines (PICCS), China (IECSC).

U.S. Regulations:
California Proposition 65: This product is not subject to the reporting requirements under California’s Proposition 65.
