Section 1. Chemical product and company identification

Product name: LAUNDRI BACSTAT LIQUID SOFT
Recommended use and restrictions: Laundry softener

Use only for the purpose on the product label.

Product dilution information: Not applicable

Supplier's information:
Ecolab Inc. Institutional Division
370 N. Wabasha Street
St. Paul, MN 55102
1-800-352-5326

EMERGENCY HEALTH INFORMATION: 1-800-328-0026
Outside United States and Canada CALL 1-651-222-5352 (in USA)

Section 2. Hazards identification

GHS Classification:
- FLAMMABLE LIQUIDS - Category 4
- ACUTE TOXICITY: ORAL - Category 4
- ACUTE TOXICITY: SKIN - Category 4
- SKIN CORROSION/IRRITATION - Category 1B
- SERIOUS EYE DAMAGE/ EYE IRRITATION - Category 1
- AQUATIC TOXICITY (ACUTE) - Category 2

Data not available - Refer to Product AS SOLD

GHS label elements
Signal word: Danger
Symbol:

Hazard statements: Combustible liquid. Harmful if swallowed or in contact with skin. Causes severe skin burns and eye damage. Toxic to aquatic life.

Precautionary statements
Prevention: Wear protective gloves. Wear eye or face protection. Wear protective clothing. Keep away from flames and hot surfaces. No smoking. Avoid release to the environment. Wash hands thoroughly after handling.

Response:
Section 2. Hazards identification

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or physician. IF SWALLOWED: Immediately call a POISON CENTER or physician. Rinse mouth. Do NOT induce vomiting. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before reuse. Immediately call a POISON CENTER or physician. IF ON SKIN: Wash with plenty of soap and water. Call a POISON CENTER or physician if you feel unwell. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or physician.

Storage : Store in a well-ventilated place. Keep cool.

Disposal : See section 13 for waste disposal information.

Other hazards : None known.

Section 3. Composition/information on ingredients

Substance/mixture : Mixture

Section 4. First aid measures

Eye contact : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.

Skin contact : Take off immediately all contaminated clothing. Rinse skin with water or shower. Get medical attention immediately. Wash clothing before reuse. Clean shoes thoroughly before reuse.

Inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention immediately.

Ingestion :
Section 4. First aid measures

Protection of first-aiders: No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Wash contaminated clothing thoroughly with water before removing it, or wear gloves.

Notes to physician: Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

See toxicological information (section 11)

Section 5. Fire-fighting measures

Product AS SOLD

Suitable fire extinguishing media: Use dry chemical, CO₂, water spray (fog) or foam.

Specific hazards arising from the chemical: Combustible liquid. In a fire or if heated, a pressure increase will occur and the container may burst, with the risk of a subsequent explosion. Runoff to sewer may create fire or explosion hazard. This material is toxic to aquatic life. Fire water contaminated with this material must be contained and prevented from being discharged to any waterway, sewer or drain.

Hazardous thermal decomposition products: Decomposition products may include the following materials: carbon dioxide, carbon monoxide

Specific fire-fighting methods: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk. Use water spray to keep fire-exposed containers cool.

Special protective equipment for fire-fighters: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Section 6. Accidental release measures

Personal precautions: Initiate company's spill response procedures immediately. Keep people out of area. Put on appropriate personal protective equipment (see section 8). Eliminate all ignition sources. Use personal protective equipment as required. Do not touch or walk through spilled material.

Environmental precautions: Avoid contact of spilled material and runoff with soil and surface waterways.

Methods for cleaning up: Follow company's spill procedures. Keep people away from spill. Put on appropriate personal protective equipment (see section 8). Absorb/neutralize liquid material. Use a tool to scoop up solid or absorbed material and put into appropriate labeled container. If emergency personnel are not present, contain and collect small spillages with non-combustible absorbent material, e.g. sand, earth or other suitable material and place in a suitable container for disposal. Use a tool to scoop up solid or absorbed material and place into appropriate labeled waste container. Use a water rinse for final clean-up.

### Section 10. Stability and reactivity

**Product AS SOLD**

- **Stability**: The product is stable.
- **Possibility of hazardous reactions**: Under normal conditions of storage and use, hazardous reactions will not occur.
- **Conditions to avoid**: Avoid all possible sources of ignition (spark or flame). Do not pressurize, cut, weld, braze, solder, drill, grind or expose containers to heat or sources of ignition.
- **Materials to avoid**: Not available.
- **Hazardous decomposition products**: Under normal conditions of storage and use, hazardous decomposition products should not be produced.
Section 11. Toxicological information

Route of exposure: Skin contact, Eye contact, Inhalation, Ingestion

Symptoms

Eye contact:
- Adverse symptoms may include the following:
  - pain
  - watering
  - redness

Skin contact:
- Adverse symptoms may include the following:
  - pain or irritation
  - redness
  - blistering may occur

Inhalation:
- Adverse symptoms may include the following:
  - coughing
  - Respiratory tract irritation

Ingestion:
- Adverse symptoms may include the following:
  - stomach pains

Acute toxicity

Eye contact:
- Causes serious eye damage.

Skin contact:
- Causes severe burns. Harmful in contact with skin.

Inhalation:
- May cause respiratory irritation.

Ingestion:
- Harmful if swallowed. May cause burns to mouth, throat and stomach.

Chronic toxicity

Carcinogenicity: No known significant effects or critical hazards.

Mutagenicity: No known significant effects or critical hazards.

Teratogenicity: No known significant effects or critical hazards.

Developmental effects: No known significant effects or critical hazards.

Fertility effects: No known significant effects or critical hazards.

Section 12. Ecological information

Product AS SOLD

Ecotoxicity:
- This material is toxic to aquatic life.

Other adverse effects: No known significant effects or critical hazards.
Section 13. Disposal considerations

Disposal methods

Product AS SOLD
Avoid disposal. Attempt to use product completely in accordance with intended use. Disposal should be in accordance with applicable regional, national and local laws and regulations.

Product AT USE DILUTION
Data not available - Refer to Product AS SOLD

Section 14. Transport information

Certain shipping modes or package sizes may have exceptions from the transport regulations. The classification provided may not reflect those exceptions and may not apply to all shipping modes or package sizes.

DOT
DOT Classification
Not regulated.

IMO/IMDG
IMO/IMDG Classification
Not regulated.

For transport in bulk, see shipping documents for specific transportation information.

Product AT USE DILUTION
Not intended for transport.

Section 15. Regulatory information

Product AS SOLD

U.S. Federal regulations

TSCA 8(b) inventory: All components are listed or exempted.
EPA Registration No.: 1839-108-1677
SARA 302/304/311/312 extremely hazardous substances: No listed substance
SARA 302/304 emergency planning and notification: No listed substance

SARA 313
Form R - Reporting requirements
Product name: No listed substance
CAS number: No listed substance
Concentration: No listed substance
