1. Identification of the Substance/Preparation and the Company/Undertaking

Revision Date 01-04-07
Substance or preparation trade name: Flame Fighter
Unique reference numbers(s): 076001
Company/undertaking name & address: Caled Industries, 26 Hanes Drive, Wayne, NJ 07470

Telephone: 1-800-652-2533
Emergency telephone number: 1-800-424-9300 (Chemtrec)

2. Composition

Substance: Neutralized Polyphosphate
% content: 20-40%
CAS Number: mixture
Classification: EINECS:

3. Hazards Identification

Health: 1 Flammability: 1 Reactivity: 0

4. First aid measures

Skin contact: Flush with large amount of water. If irritation persists get medical attention.
Eye contact: Flush with large amount of water. Get medical attention.
Ingestion: Give large quantities of water. Get medical attention.

5. Fire fighting measures

Suitable extinguishing media: Water, Dry chemicals.
Unsuitable extinguishing media:
Special hazards in fire: None known.
Required special protective equipment
for fire-fighters: Wear protective clothing and self breathing apparatus in confined areas.
6. **Accidental release measures**

   Personal precautions: Wear safety goggles and gloves.
   Environmental precautions: Avoid entry to waterway.
   Methods for cleaning: Flush small spills with water if locally permitted. Collect large spills into Container and dispose in accordance with local and federal laws.

7. **Handling and storage**

   Handling: Keep container closed and away from heat, sparks and open flame.
   Storage: Provide adequate ventilation. **Keep from freezing.**

8. **Exposure Controls**

   Engineering measures:
   Control Parameters:
   Personal protection equipment: Eye wash station.
   Eye protection: Safety goggles or goggles.
   Hand protection: Neoprene gloves
   Hygiene measures:

9. **Physical and chemical properties**

   Appearance: Clear to slightly hazy yellow liquid
   Odor: Mild
   pH: 6.5 – 7.5
   Boiling point: 215 – 220 F
   Melting point: N/A
   Flashpoint: >200 F
   Explosive properties: None
   Vapor pressure: ND
   Relative density: 1.220
   Solubility: Soluble in water

10. **Stability and reactivity**

    Conditions to avoid: None known
    Materials to avoid: Strong oxidizers
    Hazardous decomposition products: May produce normal combustion such as CO and possible CO2.
11. Toxicological information

Acute toxicity:
Local effects
Excessive exposure may affect human health as follows:
   Skin contact:   x
   Eye contact:    x
   Inhalation/ingestion:   x

12. Ecological information

None known

13. Disposal Considerations

In accordance with federal, state and local regulations.

14. Transport information

Classification data:
DOT:  Not regulated
UN:   Not regulated

15. Regulatory information

No component is listed By Sara Title III, section 313 Release Reporting.

16. Other Information

Each customer is encouraged to study this MSDS carefully to become aware of and understands the associated material hazards. Proper reference works should be consulted as necessary to use and understand the contained data. This MSDS should be properly routed to all individuals who use or come in contact with this product. Understand and follow all pertinent employee and Community Right To Know Regulations.

We believe that the statements, technical information and recommendations contained herein are reliable, but given Without warrantee or guarantee of any kind. Express or implied, and we assume no responsibility for any loss, damage or expense direct or consequential arising from their use.
